## PROFESSIONAL SUMMERY

I am a results-driven Full Stack Developer with over 2.5 years of professional experience in frontend development, specializing in React.js, Next.js, and TypeScript. I focus on building scalable, high-performance web applications with user-centric interfaces and seamless digital experiences. With a strong understanding of backend technologies, I take a holistic approach to development, driving innovation and delivering exceptional product quality.

---

## EDUCATION

### Bhagwan mahavir university 2023-2025(surat)

#### **Master of Computer Application(MCA) - completed(External)**

Completed my Master of Computer Applications as an external student while working full-time as a Frontend Developer. This allowed me to balance professional responsibilities with academic growth, strengthening both my practical experience and technical foundation.

### TechSchool Multimedia Institute of Information Technology 2022-2023(Surat)

#### **Full-Stack Development - Completed**

Completed my Master of Computer Applications as an external student while working full-time as a Frontend Developer. This allowed me to balance professional responsibilities with academic growth, strengthening both my practical experience and technical foundation.

### Veer Narmad South Gujarat University 2020-2023

#### **Bachelor's of Commerce- Completed**

Pursued a Bachelor of Commerce while developing a strong interest in technology. During my second year, I began a Full Stack Web Development course, which I successfully completed in my third year. This combination of commerce and technical education helped me build both analytical and problem-solving skills, along with practical experience in modern web development.

---

## WORK EXPERIENCE

### **MicraSquare Dec2023-Prsent**

#### **Senior Front-end Developer & Team Lead**

Joined MicraSquare as a Junior Frontend Developer and earned a promotion to Senior Developer within three months in recognition of strong performance and leadership. Currently leading a team of four developers to build scalable, high-performance web applications using React.js, Next.js, and TypeScript. Responsible for architecting frontend solutions, maintaining code quality, and collaborating with cross-functional teams to deliver innovative and user-focused digital products.

### **Associate Front-end Developer**

Started my professional career with Swifedge Pvt. Ltd., where I built a strong foundation in frontend development and modern web technologies. Gained hands-on experience working with React.js, JavaScript, and various tools and libraries essential for building dynamic and responsive applications. The role helped me enhance my problem-solving skills, deepen my understanding of development workflows, and grow into a more confident and capable developer.

---

## **TECHNICAL SKILLS**

**Front-end** :- HTML, CSS, Bootstrap, React.JS, Next.JS, Javascript, Typescript, Tailwind CSS.

**Back-end** :- Node.JS, Express.JS, RESTful APIs, GraphQL.

**Database** :- MongoDB, MySQL.

**Authentication & Security** :- JWT Authentication, Role-Based Access Control(RBAC)

**Devops & Tools** :- Git, Github, Docker, CI/CD Pipelines, Postman.

**Project Management** :- Agile, Scrum, Jira.

## **SOFT SKILLS**

- Responsive Web-Design
  - Strong Problem-Solving
  - Strong Communication
  - Project Management
  - Team Collaboration
  - Time Management
  - Leadership & Mentorship
- 

## **CERTIFICATION & AWARDS**

### **Development & Innovation Awards**

Issued by MicraSquare - Jun2025

Recognized for exceptional innovation and technical excellence in frontend web development. Honored for building scalable, high-performance, and visually engaging user interfaces using modern technologies such as React.js, Next.js, and TypeScript. Commended for delivering clean, maintainable code, implementing best UI/UX practices, and demonstrating strong problem-solving skills in creating seamless digital experiences.

---

## **PROJECTS**

- **E-Commerce Platform**
- Led the complete frontend architecture and development of a scalable, enterprise-level e-commerce platform with secure authentication, real-time interactivity, and optimized performance through modular, reusable components and modern UI design.
- **Technologies** :- Next.js, TypeScript, Tailwind CSS, Redux, Jest, React Testing Library.
- **Tools & Methodologies** :- Agile, Jira.
- **Cross-Functional** :- JWT Authentication, WebSocket

## **Real-Estate Property Management System**

- Directed the frontend development of a dynamic, server-side rendered Real Estate Analytics Dashboard built with Next.js, enabling real-time property performance tracking and market insights. Focused on creating a scalable, SEO-friendly, and high-performing interface through efficient state management, modular architecture, and seamless team collaboration.
- **Technologies :-** Next.js, TypeScript, Redux, WebSocket, Chart.js, Tailwind CSS.

## **Stock-Management System**

- Developed a robust Stock Management System focused on real-time inventory control, seamless order tracking, and data accuracy. Implemented efficient UI components, dynamic dashboards, and role-based access to enhance stock visibility and streamline warehouse operations.
- **Technologies :-** React.js, Javascript, Context API, D3.js, Axios, React Testing Libraries.

## **Hotel-Booking Platform**

- Developed the frontend of a Hotel Reservation System focused on real-time room availability, booking management, and smooth user interaction. Implemented dynamic search filters, interactive booking calendars, and responsive dashboards to enhance the overall user experience and streamline hotel operations.
- **Technologies :-** Next.js, Javascript, Redux, Axios.

## **Finance Management System**

- Built a Finance Management System to track income, expenses, and budgets with real-time analytics, EMI and interest calculations, and interactive dashboards, providing a secure and intuitive platform for effective financial management.
- **Technologies :-** React.js, Typescript, Context API, Fetch API, Chart JS.
